The time is during the old Pioneer days and the white soldiers are in their fort polishing and cleaning the guns etc. There are homes outside of the fort and the people are going about their daily occupations unsuspecting of the one-coming tragedy.

The three villians are spying from the surrounding hills. At a given signal the Indians on bicycles attack the homes and fort. A great deal of shooting and warfare is going on. The white soldiers run out of amunition and are about to be captured when Julius conceives the idea of ~~xx~~ using the pepper from the store-house. They load the cannons and guns with it and shoot. The Indians are attacked with sneezing fits and run away.

Again their is peace at the old fort and the crowds cheer Julius when a cannon loaded with pepper backfires and all the people in the fort start sneezing.
